

# WE BELIEVE

---

## In Doing

**So we let you.** We have as little rules, committees, steering groups, boards, leaders and politics as possible so you can ACT.

---

## In Sharing

**So we share what we have.** We port our tools to other distributions and get our improvements and bugfixes upstream.

---

## In Merging

**That's why everything we do is in git.** Our distribution tools, our websites and even our artwork. See [github.com/openSUSE](https://github.com/openSUSE)

---

## In Choosing

**So you are in control.** openSUSE gives you the full power of Linux. Our tools allow you to pick different solutions AND make it easy!

The openSUSE articles of faith. **Because we believe.**
