

what's COOL about openSUSE

TUMBLEWEED

COOL

Tumbleweed offers a rolling release repository for openSUSE!

escape the upgrade mill and enjoy smooth and stable progress.

Roll with Tumbleweed at
opensuse.org/tumbleweed

Forget the hassle of selecting multiple repositories on obs. Just add the magical tumbleweed repository with YaST or from the command line.

COOL++

Always the latest software without the work that typically comes with a rolling-release distribution.

Easy fall back anytime on the stable openSUSE release by removing the tumbleweed repository.

openSUSE Tumbleweed is a project on the move. Testers are encouraged to join the mailing list and provide feedback. And contributors are always welcome.
