WE BELIEVE

1

In Doing

So we let you. We have as little rules, committees, steering groups, boards, leaders and politics as possible so you can ACT.

2

In Sharing

So we share what we have. We port our tools to other distributions and get our improvements and bugfixes upstream.

3

In Merging

That's why everything we do is in git. Our distribution tools, our websites and even our artwork. See github.com/openSUSE

The openSUSE articles of faith. Because we believe.
